

DRAGON LEISURE YACHT

Project Year : 2022
Location : Jakarta, Indonesia
Project Type : Commission Project
Project Team : Fikri Izza
Advan Beryl
Satrio Seno

Short Desc. : In mid of 2022, we are invited to do a collaborative works to design a private yacht. we are responsible for the interiors and exterior look of the yacht while the general yacht design is taken care by PT Teluk Naga Bahari and Oryza Marine Design.

the project was really interesting because this is the very first time we're involved in a non-building project that will be built on the same year we finish the design.

DESIGN OVERVIEW

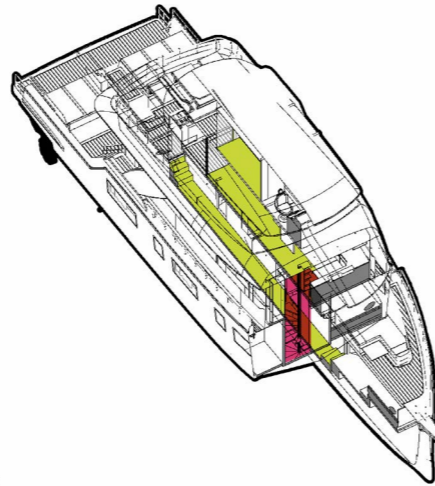

axonometry

concept

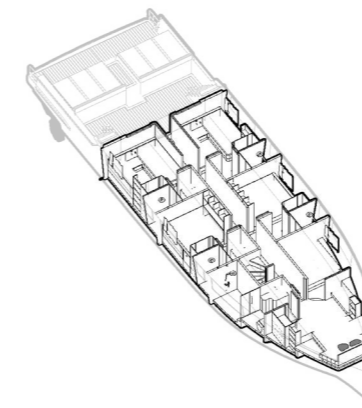

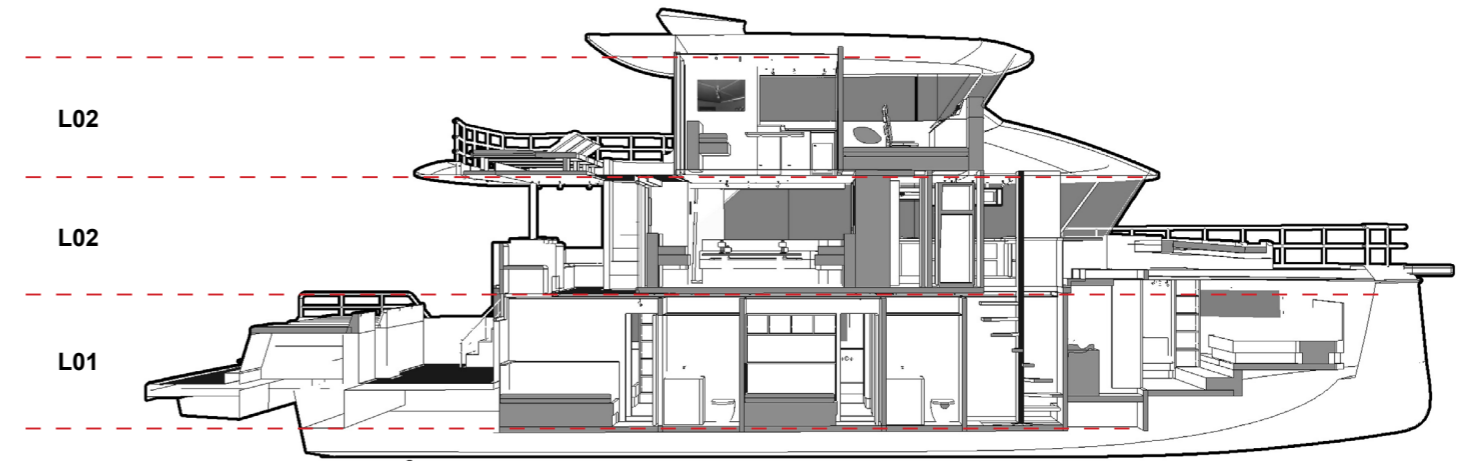

The overall looks of the shipped were covered in a sleek, bold, yet natural moods. dominated by primary color ranged between black and white, this yahct presence is expected to be able to easily blended with the mother nature and not stealing the attention of nature while sailing accross indonesian archipelago.

accessibility

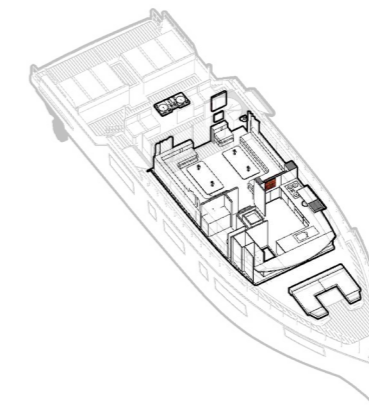

beside the all main outdoor access this yacht also has an internal vertical circulation for service purposes and additional access during the raining season.

section

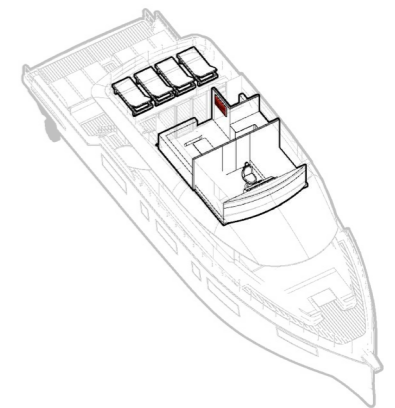

L01

level 01 consists of outdoor and indoor zone. the outdoors are connected with the L02 outdoor and act as an outdoor social space. the indoor are full of all bedrooms that divided into 3 type of rooms.

L02

level 02 consists of outdoor living and indoor living area with kitchen room that has a direct connection with L02. the front side of this level also provides a outdoor lounge area.

L03

level 03 consist of more private and technical area. it consist of more private living area and sunbathing area that also integrated with the cockpit room.
